Our terms invariably in advance.

DESPERATELY HOT.—No good can result to any body by complaining of the weather, but we must say that part of yesterday, all creation appeared to be simmering down. Children were cross and turbulent, from the effects of the heat and a mixture of devilment, requiring more than an ordinary quantity of paddlings and spankings. Ladies gasped for breath, and used their fans with more than mortal energy, while the men reclined on their lounges and petitioned for breezes and a sharp thunder clap. In the afternoon, we had quite a heavy and refreshing shower, which cooled the atmosphere and made life endurable.

Our quiet little city was startled, on Tuesday by the announcement that the rebel chieftan, Jno. Morgan, had commenced an inroad into the interior of Kentucky, and was marching on Lexington with a large force for the purpose of destroying government stores there. The City Council after a brief conference, appropriated the sum of six hundred dollars, to defray the expenses of sending as many of our citizens as volunteered to go and aid in protecting our sister city from their depredations. A company of sixty or seventy men, armed and equipped, under the command of Hon. W. H. Wadsworth, Member of Congress from this district, started the same evening for the scene of action.

Colt's Armory at Hartford now employs about 1,100 men; and the pay roll amounts to nearly \$50,000 a month.

The Cincinnati Gazette is out of all patience with President Lincoln, and seems to lack words to express its contempt. It talks about the "milk and water elements of which his character is composed," calls him "a gentle old soul," &c. As the Gazette is a black republican sheet it enjoys the privilege of saying what it pleases.

There are at present in the United States army in the field about four hundred and seventy-two chaplains, who may be divided as follows: Methodists, 124; Presbyterians (N. S.) 94; Congregational 47; Episcopal 66; Baptist 43; Presbyterian (O. S.) 24; Unitarian 23; Catholic 22; not known 9.

A train of twelve Government wagons left Lexington on last Thursday for the Gap. The teamsters were all negroes.

It will be seen by reference to the advertisement in another column, that Mr. ALEX. MADDOX keeps constantly on hand a most comprehensive assortment of articles usually kept in the Grocery line, and that his stock challenges competition. He proposes to sell on terms as favorable as can be obtained from any house in the city. Do not fail to read his advertisement and bear in mind, the truth of the old proverb, that "he who advertises most, sells cheapest," and that "a man who is too selfish to advertise, is too penurious to sell any description of goods at a reasonable price." That's true as preaching, so don't forget ALEX. in your peregrinations. Also, bear in mind that Mr. TUCKER MORRISON is connected with this establishment and will never be found sleeping at his post.

The Northern Bank of Kentucky has declared a dividend of three per cent. payable out of the profits of the last six months.

There have been received in Cincinnati, the past week, 2,620 bales of cotton, and during the past two months 25,000 bales.

Buffalo has voted \$80,000 to raise a regiment forthwith, every recruit of which receives \$75 bounty the moment he is sworn in.

There is at this time an unaccountable panic in the money market.

Out of the 60,000 men sent forth by Indiana to assist in crushing out the rebellion, it is estimated that 6,000 have been already lost in battle, and by casualties and disease.

A Dispatch has been received from Adjutant General John W. Fennell, which states that Kentucky will be called on for five new regiments of infantry.

Ex-President Van Buren still remains quite ill at his Lindenwald residence. Symptoms not critical.

A gentleman residing in Janesville, Wisconsin, has invented an instrument by which any person, whether skilled in music or not, may play any tune correctly. The invention is on exhibition in New York city, and is eliciting much praise from the musical fraternity.

In Cincinnati, a few days ago, while the wife of a volunteer was mending his pants, some percussion caps fell upon the floor and were picked up and swallowed by the baby. The child died of spasms in a few hours.

The official report of Gen. Jackson of his operations in the Shenandoah Valley, has been published. He claims to have captured 3,200 prisoners and \$1,500,000 of army stores.

## Rioting on the Cincinnati Levee.

WHITE VS. NEGRO.

About a week since a steamer left the wharf, having as her crew all negroes, which were employed in the stead of the white crew discharged. This and other grievances have so exasperated the white boatmen that it was exceedingly unsafe for a negro to pass along the landing without receiving the blow of a stone or a club on his cranium, and the hue and cry "kill the nigger," &c., being raised by all the white boatmen as they pursued their colored enemy outside of their "corporate limits," as they term the levee. During the past week a number of knock downs have occurred, and on two occasions the negroes were compelled to jump into the river and swim for their lives. Yesterday afternoon the difficulties culminated in a grand riot, in which not less than one hundred persons participated. Stones and clubs flew lively and quick, and many bruised heads were the consequence. The excitement was intense. The negroes were driven off, badly beaten. There were similar disturbances near the Brighton House and in Bucktown. In the latter locality the officers arrested a negro brandishing a large two-edged United States sword, which he said he carried to protect himself. From the character of the feeling and excitement last night we greatly fear that there will be yet more serious disturbances, although the Chief and his assistants are fully prepared to combat and arrest any outbreak that may occur.—Cincinnati Enquirer.

Mad dogs are rampant through the country, and we notice in our exchanges statements of an unusually large number of persons and animals bitten by them.

The Commercial editor of the New York Independent, estimates that "the total losses of the nation and of individuals, traceable directly and indirectly to the war, cannot be less than ten thousand millions of dollars."

Owing to the scarcity of small change many of the grocers and merchants, in Cincinnati, are charging 5 per cent. for changing a bill, notwithstanding the customer takes half the amount of the bill in goods.

Among the killed in one of the battles near Richmond, was Capt. S. B. McClesney, formerly of Louisville. He was in the 3d Louisiana Regiment.

The number of Union prisoners at Richmond is 4,500. General McCull is at the Spotswood House. Nothing is said about his being wounded.

Remember the solemn exhortation of Daniel Webster. "Cling to the Constitution as the ship-wrecked mariner clings to the last plank, when night and the tempest close around him."

Robert Fowler, Esq., the Treasurer of Maryland, has tendered to the government her quota of the war tax, under the act of Congress of August 5, 1861. Maryland, we believe, has the credit of ranking as the second State which has thus promptly tendered the war tax, Pennsylvania having been first.

The Maj. Wheat, in the Confederate army, who was killed in the late fight near Richmond, at one time held a Commission in the United States Army as a Captain. He was noted as a filibuster and served under Walker in Nicaragua; after the failure of that expedition, he went to Italy, joined Gen. Garibaldi and served with great distinction in some of his most important battles.

From the Louisville Express.

A Horrible Story.

The correspondent of the Louisville Democrat sends the following in reference to the conduct of Gen. Turchin's soldiers in Athens, Alabama:

"Gen. Turchin said to his soldiers that 'he would shut his eyes for two hours,' and let them loose upon the town and citizens of Athens—the very same citizens who, when all the rest of their State was disloyal, nailed the national colors to the highest pinnacle of their Court-house cupola—these citizens, yet to a wonderful degree true to their allegiance, had their houses and stores broken open and robbed of everything valuable, and what was too unwieldy to be transported easily, broken or otherwise ruined. Safes were forced open and rifled of thousands of dollars; wives and mothers insulted, and husbands and fathers arrested if they dared to murmur; horses and negroes taken in large numbers; ladies were robbed of all their wearing apparel, except what they had on—in a word, every outrage committed and every excess indulged in that ever was heard of by a most savage and brutal soldiery towards a defenseless and unarmed population. All too, by those who pretended to represent the United States Government. This is an everlasting disgrace, that can never be wiped from the page of history, but which demands immediate and prompt action, and the execution of all lovers of law and good government."

I am responsible for these statements. I have no more doubt that they occurred just as stated than I have of my own existence. I know similar acts disgraced the same brigade of our army when we occupied Bowling Green, Ky., and the matter was hushed up to save the credit of our army, hoping it would occur no more, but this leniency failed to have its proper effect, and it is no longer endurable. The good of the service and the character of every Union soldier cries for the punishment without mercy of such disgraceful conduct.

I am yours, &c., I. H. W."

We could hardly give credence to the above story, but all told that it is even worse than this correspondent relates. The conduct of some of these men was the worst a licentious and brutal soldiery could inflict upon defenseless women; so vile, indeed, that an officer of the army who regards the honor of his cloth has determined to lay the matter before the Government. We do not doubt that the men who have committed the horrible crimes alleged, as well as those who winked at it, will meet with swift and retributive justice.—The honor of the army calls for it, and humanity demands it.

It is reported that there are 23,000 troops at Vicksburg under Bragg and Pillow.

The New Albany Ledger of yesterday says: Posters have been printed and stuck up in Evansville, ordering all the negroes in the city to pack up and leave by a certain date. They are signed by "The Committee."

MARRIED.

On July 1, at the residence of the bride's mother, in Covington, by Rev. J. G. Ellis, Mr. W. G. GAYLE, to Miss MOLLIE E. PUGH.

We wish our young friend every joy imaginable, in his voyage up Time's stream, to revel in Hymen's sunny bowers. May the golden chain of affection now binding his destiny with another, grow brighter and holier, and as hope and fancy twine their roses 'round the shadowy brow of care, may Peace and Contentment breathe the gentlest gales to gladden their blissful hours, and the future unfold in happiness and truth all of their bright and cherished dreams unsullied, and pure as pearl, and throw around them life's sweetest illusion.

NOTICE!

TO THE TAX-PAYERS OF MASON COUNTY!!

By a recent act of the Legislature it is made my duty, immediately after the 1st of June to proceed with the Collection of the public Revenue as speedily as possible. By the same act it is made my duty to report, at the July, September and November County Courts, the amount of taxes collected and pay the same over to the Auditor. I am authorized under said act to notify the Tax-Payers by public notice stuck up at the Court house door, and in the different Precincts or districts of the County, that on certain days between the 1st of September, and the 15th of October, I, or my deputies, will attend at the place of holding election in such districts and receive their taxes. It is made the duty of the tax-payers to attend on such days and pay the same. If this is not done, after that date they will have to pay the same at the Court-house, and if not done there within the time prescribed by law, ten per cent. upon the amount added. Thus it will be seen that it will be to the interest of the tax-payers to see to it that their taxes are paid, within the time prescribed by law, as after that time I shall invariably add the ten per cent. imposed by law to their lists when I come to collect. This I shall be compelled to do as I shall have to advance the Revenue due by such delinquents and enforce payment at once with the costs to reimburse myself. By paying attention to the matter and promptness, the thing will work first rate. The people have the same time, as heretofore, within which to pay their taxes. The only difference being, that they shall give the matter attention themselves and see to its payment at the times and places prescribed, instead of the old way of having the Sheriff call half dozen times, more or less, for their taxes. The law is plain, simple, and to the point; and I intend to comply with its provisions and enforce its penalties, and this notice is given to call the attention of the people to it, so that no harm may be done any one, in consequence of their ignorance of the law. The time and place at which I, or my deputies, will attend in the different Precincts to receive taxes between the 1st of September, and the 15th of October, will be advertised by public notice stuck up as required by law. In the mean time, let every one pay up what can, when called upon between this and that time, that a good account of the promptness of the people of the county may be reported to the auditor at the July and September terms of our Court.

Respectfully,  
W. W. BALDWIN,  
Sheriff of Mason County.
